

## CASE STUDY

**Client:** Michael Thurman Custom Homes

**Project:** 925 sq.ft. garage

**Coating:** Xpedite Ultra Premium

**Location:** Houston, Texas

### Job Description

Our client was very much involved in the selection of the coating system. He opted for a fully broadcasted system with Marble chips. Client need to drive his cars into the garage next day due to HOA restrictions. A polyaspartic coating was used as it fully cures overnight.
